## Meet us at the LIW Show in Birmingham's NEC, Sept 26-28

LIW is here again. An opportunity for us to show off and hopefully inspire you all. It's a great atmosphere and all of us (manufactures and people like Peter from the Inflated News and Mark for BIHA) get to have fun and take time out of the factory work place. It's our second year under the JumpJump Ltd name but of course zillions of times as Bargain Bouncers who we were formally known as.

We inflate quality not cost and we enjoy working with our customers helping to grow their business successfully and safely.
